The class of '48 takes leave of OHS with many happy memories in its possession and leaving behind a great number of noteworthy achievements.

The year 1945 and our first year in OHS found us a "shy" but willing group. Taking care of Tiger Den and keeping a scrapbook of snapshots and ideas for our Tigando were our main projects. The "Spring Swing", our sophomore dance, was our contribution to the social calendar. Under the guidance of Mrs. Clifford Shaheen, sponsor, and John Demopoulos, President, our sophomore year proved to be a successful one.

As Juniors, with Mr. John Thomsen, sponsor, and Marjorie Meckstroth, President, we had a grand year. The annual "Shipwreck Dance" was a big success, and our "Junior Day" at Yowell-Drew-Ivey proved very profitable. With much pride we presented the Junior-Senior Prom in honor of the graduating class and furnished ushers for the baccalaureate and commencement services.

Now, as we bring to a close our final year at OHS, we take with us the memories of our class projects, which were sponsoring the choral production of the "RED MILL", The Senior Dance, our booth at the fair, Dickson Ives' Day, the "Best Tigando ever published", returning to our childhood on Kids' Day—all wonderful memories under the leadership of Mrs. Julian Hyer, sponsor, and Jack Lyon, President.

We, the class of '49, one of the largest in the history of OHS, look back on a prosperous year and with a proud gleam in all 482 pairs of eyes set forth our accomplishments for all to see.

First among our accomplishments came the ordering of Junior Class rings. Our second task came upon us suddenly, but our energetic souls arose to the occasion, and we took part in the decorating of the stadium for OHS's first homecoming game on November 21. Our larger projects included our "Junior Day" at Yowell-Drew-Ivey, the annual "Shipwreck Dance," and the commendable Junior-Senior Prom, given in honor of the dignified Seniors. Last on our list comes the ushering at the baccalaureate and commencement exercises.

This was a wonderful year, and why shouldn't it have been? With Miss Helen Graham and Mrs. Shirley Haselden as class sponsors, and an Executive Council composed of Jean Baker, Sara Brown, Jo Ann Davis, Ross Goble, Kay Harding, Patsy Helms, Elizabeth Hill, Shirley Hollingsworth, Jack Kelk, Bob Livingston, Betty Meyer, and Julia Phillips, nothing could go wrong.

"We are poor little sheep who have lost our way" — but no! that doesn't apply to the Class of '50. The guidance of our sponsor, Mrs. Clifford Shaheen, plus the helpful friendliness of the upperclassmen have made us feel right at home in O.H.S. since the very first day.

Our capable officers elected the following members for our Sophomore Executive Council: Nancy Burcham, George Uthlaut, Arra Mae Hiscock, Mack Meiner, Margaret Parham, Mary Draughon, Ann Holbrook, Bob Melrose, Roy Lewis, Elizabeth Simonton, Johnny Patillo, and they have guided us through a happy and successful year.

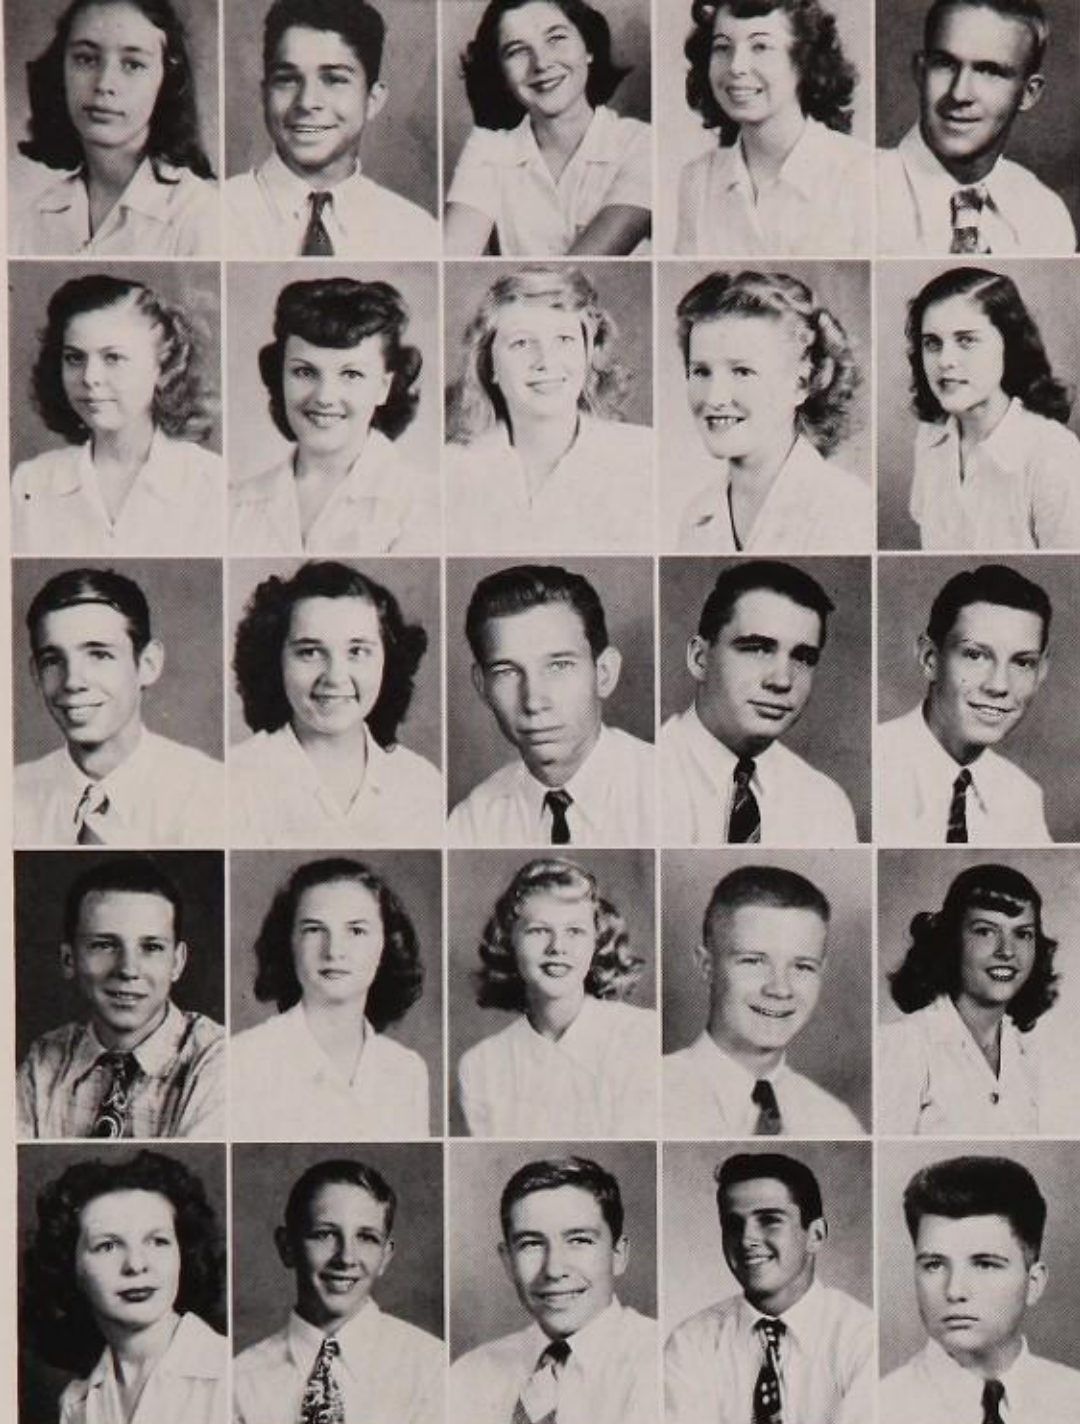

Among the highlights of the year were the orientation program, the publishing of a school handbook for the first time, the management of the Tiger Den Snack Bar, boosting of school spirit, and the clever and original party given in March. We appreciate the help of Miss Myra Agnew and her committee, Helen Champion, Jimmie Hale, and Paul Cosin, whose efforts have helped make Tiger Den a success this year. We hope that the Class of '50 has set an example that will be an inspiration to future Sophomore classes.

Mrs. Shaheen

To add a touch of variety this year, the cheerleading squad consisted of all girls. They have worked hard at selling ads for the football programs, working up new cheers, and encouraging school spirit. Under the capable leadership of Miss Mary Nell Goldman these girls have done a job of which we can all be proud.

The 1948 edition of the OHS football team was the best yet lightest in many a year for Orlando. The record of five wins and an equal number of losses does not tell the whole story. Led by Captain Art Ross, later selected on both the All-State and All-Southern teams, and Co-Captain Johnny Francisco, the Tigers played valiantly against all opposition. This team is certainly one to be proud of because, although outweighed in every game, they showed they had what it takes to make a great team!

OHS can justly be proud of its Student Council, for it is this organization that forms the crossroad of the school. Through a discussion period held every other Wednesday in each first period class the members of the Student Council learn the problems and topics desired to be discussed at their regular meetings.

During the first semester the council launched a new plan to understand better our community. Cooperating with the various agencies in special drives, such as Red Cross, and Tuberculosis, was also among its many contributions in serving the school and community.

Under the capable leadership of John Demopoulos, Virginia Lee, and Mr. Magarian, the second semester student council carried on successfully the plans of the year. The student council of both semesters did a great deal of work in the state this year. As head of the fourth district it assisted in the organization of

Student Councils in many schools throughout Central Florida, and in planning the state convention held in Ocala. Representatives sent to the convention came back with new ideas and enthusiasm in Student Council work. O.H.S., represented by Joe Pittman, was State treasurer this year.

Compulsory arbitration of labor disputes? What if it is the national high school debate topic for this year? Clearly Orlando NFL-er's disagree on the question. They disagreed when they discussed it at the Student Congresses in Palatka, Daytona, and Jacksonville during the

first semester. They disagreed when they tackled it at the State Debate Meet at Stetson University and at the State Speech Meet at which they were hosts in Orlando during the second semester.

Although the Footlight Followers have only one candle on their birthday cake, they may well be proud of their first year at OHS.

Their highly successful season included two full length plays, "Headed For Eden" and "Life of the Party."

At the beginning of the year when Miss Mildred E. Murphy conceived the idea of the group she gave it a dual purpose. Footlight Followers should create more opportunities for more students to take part in dramatic activi-

ties of Senior High and they should be true to their name; they should "follow footlights."

The unique organization has done both. The more than forty members now include actors, make-up artists, stage hands and many "behind the scenes" workers. They have visited Rollins College and Stetson University to see dress rehearsals and actual presentation of plays at both schools. They also took active part in the State One-Act Festival at Rollins in May.

THERE'S A FUTURE IN FOOD

The problem of feeding Europe and other starving nations of the world should be the concern of every American who believes in the democratic way of life. The economic situation in these war-torn countries is charged with discontent. In these stricken countries the food shortage is gnawing away the morale of the people. An over-all picture of people struggling for internal unity, reveals a condition of dependency, a condition of mind and spirit in which the victim is ready for whispering Communists. When we have a breakdown in the economic system, we are headed for trouble.

Can we afford to turn our backs when our neighbors are in trouble? Unless the United States does something to help solve this problem, these pitiful people face a winter of hunger and privation. If we, in this country, exercise economy to its enormous possibilities; if each of us joins the crusade to lead starving people back to economic security, Communism will lose its favorite breeding ground.

You can aid in this battle of economy. A few meatless and wheatless days are very much in order. Check your eating habits. Are you wasting food? What can your contribution be? Your goal—no waste—means to save the starving nations of the world. The time is now—it can still be too little—too late.

ARE YOU TH

Next week our nation will celebrate Thanksgiving from school, plenty of good food, and a spirit. Three hundred or more years ago the Pilgrims established this day of thankfulness that they had survived their new country.

The ideals we think of when we mention are great American customs that endure the hardships that the world has known.

We should realize the things that are thankful. The schools then were not as good as the schools we have today. The schools had no cars to drive every day. They had no corner drug stores. They had no or bonfires. In fact, the young people dreamed such things would exist.

Thanksgiving is a holiday, yes, but not one to pass over lightly. Rather it should occasion thoughtful consideration of our many blessings. When we celebrate Thanksgiving, we should think about the little things. We appreciate the big items like food, clothing and shelter, but the small ideals of American life should complete our day of gratitude.

What are you going to do on Thanksgiving Day? Perhaps your family is one that enjoys a drive into the country, or you might attend a football game, car race, or movie with your best boy or girl friend.

If you do one of these, notice the friendly atmosphere around you; the fall flowers and changing colors; or look for the way people cheer together for things and be thankful for them. Next Thanksgiving Day, remember these small but important things about our American people.

IT'S FOR YOU

Each morning before school, OHS students see a concrete example of American freedom and democracy in the hoisting of the flag of the United States.

Each Friday morning during assembly the flag is carried down the aisle and is saluted by the students, another practice of democratic freedom.

Yes, to those oppressed ones in countries where democratic practices would be a luxury, these practices would be a luxury. Or would they?

Would they be impressed by the thoughtless pupils who fail to stand at attention; who disrespectfully continue walking and talking during the ceremony?

What would they think if they were to see the assemblies and watched those few who run around the auditorium?

We're all proud of the many freedoms that we do have. A Star Spangled Banner is a symbol of protection.

Then let's all one-hundred percent share in letting our patriotism shine forth!

DID YOU KNOW

Well, well, well. Is that how you feel about your nearest X-ray machine? You did know that on the average, one out of 250 to 300 adults has active tuberculosis?

Did you know that tuberculosis has been the unnecessary disease, because its cause, method of spread and means of prevention are all known?

Did you know that the tuberculosis cross is a modified version of the ancient Lorraine Cross, symbol of the first Crusade, and has been the international emblem of the world-wide fight against tuberculosis since 1902?

Did you know that chest X-ray of OHS students will be taken the second week in December absolutely free?

Did you know that, if discovered in an early stage, TB may easily be cured?

You say you didn't. Tell me, do you show such symptoms as fatigue, loss of appetite, indigestion, cough, and loss of weight?

Then I repeat. Well, well, well. That's how you should feel!

"THREE CAME HOME," by Agnes Newton Keith.

In her report on life in a Japanese prison camp, Agnes Newton Keith presents the subjects from a new angle, portraying the officers and guards of the camp in a way which surprises the person who listened to the radio and read the newspapers during the war. This book presents a vivid picture of the sufferings of a group of prisoners—the misery of the camp—the crowded quarters, poor food and the idea of it, hard work and sickness are described with irony, the idea of it being to set the truth before the reader. Still there is no spirit of revenge evident.

At the time of her capture Mrs. Keith, a graduate of the University of California, was living in British North Borneo with her husband and small son. They were prisoners of the Japanese for three and a half years.

Dear Editor: Why don't we have some boy cheerleaders? All girls may be all right for the males, but we girls would like to see some masculine faces in front of us at games. Surely there must be some boys for this job around the school; I've seen a good many myself.

An Interested Spectator.

Dear Editor: The editors referred your letter to the captain of the cheerleaders, Barbara Brewton. Here is her answer.

"When we had try-outs last spring, no interest was shown by the boys, but the girls seemed willing to work harder and would show more cooperation. We plan to keep the squad all girls!"

WHOO, Jimmy Crank To Be Tiger Den Feature

Tiger Den, the popular youth center for OHS students, is presenting a new feature which begins this week. This special program will be on Friday nights at the Den. From 7 to 8 o'clock members who don't know how to dance are given a free opportunity to learn under the direction of Jimmy Crank. Mr. Crank is a former student of Orlando High and now has a dance studio of his own.

Sophomores Hold First Mass Meeting of Year

Last Wednesday morning, Dec. 10, the sophomore class of OHS held their first mass meeting in the auditorium. This is the first class in the history of the school to have the benefits of the new-organized Orientation Program which was originated by the class sponsor, Mrs. Clifford Shaheen.

Council Has Active Year

The Student Council has been continuing its previous work of being one of the major groups in OHS. This year, planned with the Chamber of Commerce, the musical "Romeo and Juliet," and the Tri-Hi-Y is working with the council has also been working out projects for clubs to find means of money.

On the sale of the pictures the club received 10 percent of the total sale. The pictures were approximately \$20 for the Red Cross, \$50 for the Assn., and recently donations to the Marcus Dren's Home in Jacksonville. These donations include for Thanksgiving and a total \$10 toward the of Christmas gifts for dren.

Another important project the council is the direction of the School Day Calendar. It schedules all school events to avoid any difficulty in planning various meetings and projects.

This week members of the council cast their ballots for students from OHS whose names will appear in the Who's Who in American High Schools. They voted for 15 seniors and five juniors and the results will be announced later.

Class To Try New Program

J. M. Brumbaugh, chemistry instructor at OHS, recently announced plans for a new program of study in his classes for the first six weeks of the second semester. It is to be an experimental program since it has never before been tried at Orlando High.

The students will be divided into groups according to each one's specialized interests, and during the six weeks will carry on research on the phase of chemistry which he chooses. Each group will conduct experiments pertaining to its subject and will make special reports to the class, who will enter in round table discussions.

This program has been planned to stimulate interest in chemistry in any vocation which a student might choose, and to develop initiative in the students.

From 8 to 9 the WHOO Society Orchestra will entertain those present and for an hour afterwards there will be a disk jockey program sponsored by WHOO.

The Tiger Den committee held their membership dance last Friday night at the Den and their aim this year is to have each student at OHS a member of Tiger Den. This is the first in the series of the new programs being planned by the committee for the recreation of the student body.

preceding speakers and pledged the co-operation of the officers and council to the class.

Mrs. Julian Hoyer told the sophomores about the dancing lessons Jimmy Crank is giving at the Den. She also explained to the students about the new Orientation Program which is being offered to the pupils of the school.

George Nipper, president of the class, introduced the other officers and the executive council. The vice president, Bill Korp, presented a talk on school spirit, and a report on the class finances was then given by the treasurer, Gay Hoffman. Peter, secretary, summed up the points brought forth by

New members of the Lens and Shutter Club were welcomed into the club at the regular meeting held Nov. 20 at the home of Virginia Lee. These members are: Ann Prather, Joan Williams, Frances Glover, Jimmy Miller, Claire Bailey, and Richard Carlson.

The officers of the club, which were elected at the beginning of the year, include: president, Anne Mendenhall, vice-president, Linda Falls, secretary, Nancy Bruning, and treasurer, Bobby Serros.

One of the activities of the club is the participation in monthly snapshot contests. Bobby Serros was the winner of last month's contest on snapshots.

14 Delegates Attend Florida NFL Meeting

Fourteen OHS delegates left Thursday at 3:30 for the District of Florida NFL Congress. The Congress, being held in Jacksonville, is sponsored by the Andrew Jackson chapter. It will adjourn sometime today.

Nine chapters were represented at the Congress: Landon, Leon, Miami Edison, Miami Jackson, Ponce de Leon, Putnam, Seabreeze, Winter Park and Orlando. Each school presented one bill in the Senate and one in the House. Orlando chose for the House, "Outlawing the Communist Party," and for the Senate, "Uniform Marriage and Divorce Laws."

Since the membership at this time of the year is low, chapters were allowed to send one representative for each three members and degrees in the year as of

Membership in the Latin Club is limited to those students in the Latin department who have shown outstanding scholastic ability. Candidates must pass an examination with at least a B average.

This year the club formed a monitorial system through which each member was assigned certain duties for which he was responsible. Under this

plan the members gave assistance to those students in the department who needed individual attention.

In concluding the year's work, the members of the club participated in an examination for National Honor placement in Latin.

Pep Club

The Pep Club, the largest organization at OHS, has for its objective the fostering of school spirit and a "sense of belonging" among the students.

Its activities this year included chartering "Pep Club Special" trains and buses to out-of-town ball games, having cheering sections at all games, providing financial assistance to the cheerleaders for their activities, sponsoring pep rallies, bonfires and parades before home games, sending messages of encouragement to school groups participating in out-of-town contests, entertaining the football team and the members of other sports organizations, and in every way possibly working for a better OHS. Its membership is open to any student who is interested in his school.

Diversified Cooperative Training, or DCT, has as its purpose the training of high school boys and girls for specific, gainful occupations. Students are enrolled for occupations of their own choice and for which they are particularly fitted. Training is offered in any reputable occupation of the community.

Having selected an occupation, the student is placed in the employment of a local establishment where a definite training course is set up. He spends four hours each afternoon at work under the supervision of the employer.

In order to bring about a better understanding among the students and to provide for social activities the class has formed the Orlando DCT Club, with Mr. J. A. Rolfing as sponsor. The club holds membership in the Florida State Federation of DCT Clubs, which is composed of similar clubs in various cities of the state.

Contests are held in the individual clubs, the districts and the state organization. These include: spelling, parliamentary procedure, public speaking and essay writing. Outings, field trips, picnics, parties and visits add to the activities of the club.
